BULLETIN OF MEDICO – ETHNO – BOTANICAL RESEARCH: [quarterly]

ISSN -0253-6889

[CHIKITSA – PRAJATI VANASPATIK ANUSANDHAN PATRIKA]

Volume-1: No: 2: June: 1980: :Editor: Dr. K. Raghunathan :articles:Medicinal Plant Wealth of the Karimnagar District of Andra Pradesh : by L.D.Kapoor,Medicinal Plants of Kailash [J & K] – T.N.srivastava, Folklore claims on Medicines & Treatments from assam –K.C.tiwari, Botanical identity of Madanakama Poo! Obtained in Tamil Nadu & Kerala Raw Drug Trade – Usman S.ali, Pharmacognostic study of leaf and Steam of Costus speciosus [Koen- G.N.srivastava,preliminary comparative chemico-morphological studies of the imported unani drug zufah- yabis and indigenous drug dyanku – R.K.Issar,etc.etc.pp 120 to 300,xxvii,with maps,illustrations. Rs-400/-

Volume- 1: No; 3: Sept: 1980: :Editor: Dr. K. Raghunathan:articles: ethno- Medicinal uses of Plants by the Tharus of Kheri District,U.P. – K.K.singh, Pharmacognostical studies on Priyal [Buchanania lanzan spreng] leaf. –R.Mitra, Review of plants screened for anti –fertility activity – M.Haq,Short Research Communications: a New Source of Food Used by the inhabitants of Sikkim – M.R.uniyal, Pharmacognostical Study of Plaksha-Iv Leaf of Ficus virnes Ait – R.mitra, Preliminary Phyto-chemical screening of the plants of Silent Valley -1. –H.s.puri. Anti-microbial activity of coumarins and their derivatives from Murraya paniculata jack – R.L.Khosa,etc. pp 301 to440. plates,illus. Rs-400/-

Volume-1: No; 4: Dec: 1980: :Editor: Dr. K. Raghunathan; articles: tribal medicines 7 Treatments from District Siang of arunachal Pradesh – K.c.tiwari, Folklore Medicine from District Kamrup[assam] – S.Bhattacharjee, Pharmacognostical Studies on Unani Drug Poast- E- Sambhalu [Vitex negundo Linn.bark] – R.C. Nayar, Chemical Examination of Commercial Gomuthra Silajit – V. Chelladurai, Review of Plants Screened for Antifertility activity III & IV- M.Haq, Glycoalkaloids from Solanum verbascifolium Linn –s.C.jain, etc. pp 441 to 561.viii.with illus,plates.Rs-400/-ok

Volume-2: No: 1: March: 1981:Editor: Dr. K. Raghunathan.Contents: Contribution to the exact botanical Identity of Brahmi and Mandookaparni- by K.V. Nair, Pharmacognosy of Datura metal var.Fastuosa leaf – Saguna Datta gupta, Ethno-Botanical & Phytochemical Standardization of the Market Sample of !ushba ! [sarsaparilla] – S.H. Afaq, An exploration of Medicinal plants of Udhampur [J & k] Forest Division-1: N.N.pathak,

Preliminary Studies on the Biological effects of short term urine therapy in Male Albino Rats – N.r.Pillai. Short Research Communication : The Pregnancy Interceptory efficacy of Common ! Kulfa! [portulaca] seeds in laboratory rodent O.P.Verma, Uterine Response of Embelin in Immature Rats- Mohana Krishnaswamy, etc. royal size. Pp 150,with illustrations,tables,etc.maps,text figures.Rs-400/-

Volume-2: No: 2: June; 1981: Editor: Dr. K. Raghunathan:some articles:Medical Plants of Rajpipla Forests,Gujarat state – M.C.Joshi, Medicinal Herbs Used by amchies of Ladakh-T.N.srinivasta, The pharmacognosy of Two Pharmaceutically Similar Drugs – P.Brindha, a Comparative Seed morphology of some Ocimum species- B.c. Gulati, Chemical Examination of Certain ayurvedic Ghritas and Tailas – t. Radha Vakula, The analysis of Rajamrganka Rasa – K.k.Purushothaman, Studies on Urolithotrite action of Indigenous Drugs – Pramod Kumar, Anti Implantation studies with Gangetin in albino Rats – N.R.Pillai, Short research Communications: On the Medicinal properties of Ochha Pumila- Buch .- Ham –Ex- D. Don,etc. etc. pp 150 to 297,plates,tables,text figures.etc. Rs-400/-

Volume : 2: No;3; Sept; 1981: Research Officer: Dr.N.S. Tiwat;[Aurveda] Chief Editor: dr.V.N.Pandey.Some Articles: Folk-lore Antifertility Plant drugs of Bihar-P.C.sharma, New Records to the Medical Efficacy Claims of Certain Plants Recorded from Gwalior Forest Circle, Madhya Pradesh- A preliminary Contribution – V.K.Singh, Preliminary study of medicinal plants from Suru Valley in Ladakh – M.R.uniyal, Additional toflora of Rajpipla Forest Division, Gujarat State- M.C.Joshi, phytochemical screening of some medicinal plants used in ayurvedic system of medicine. , – Chemical Examination of Elumicham Tulasi - C.R. Karnick, folklore claims of Kadukottambari [Ruta Chalepensis Linn] –r.c. Nayar, Notes on the Distribution of Some Medicinal Plants – S.r.Das... etc. pp 298 to 440.illus. Rs-400/-

Volume -2: No; 4: Dec; 1981: Cheief Editor: Dr.V.N. Pandey.Articles: studies on the Medicinal plants of tughlaqabad in South delhi – R.U.ahmed. On Comparative Values of Indian and Chinese Medicinal Plants- C.r. Karnick, pharmacognostical studies on the Stem & Leaf of Ageratum conyzoides linn. – V.K.Agrawal, Botanical Identity & Pharmacognostical studies of Commercial Vidari of Gujarat – A.J. Baxi, Pharmacognostic Studies on anisomeles Malabarica R.Br. – B. Rukmini, Hydrophytic Medicinal Plants of Rajahmundry :East Godavari District [A.P.] – L.N.Murthy, Observations on the siddha Drug Karunkoduveri – S.U.Ali, Dulcitol from the Flowers of Malkanguni [Celastrus Paniculatus Wild] – P.V. Sharma, with 10 articles.pp 116,vii.with illustrations.Rs- 400/-

Volume-3: No; 1: March: 1982: Chief editor: Dr.V.N.Pandey:with 13 Articles: Preliminary observations on Medicinal plants of Lahaul Spiti Forest Division in Himachal Pradesh – M.R. Uniyal, some Medicinal Plants of Rudranath Bugyal – [Dist Chamoli] U.P.- D.N.Joshi, Studies on the occurrence of Medicinal Plants of Euphorbiaceae from Bhopal and its neighbourhood – S.A. Chaghtai, Oral Contraceptive Folk –lore claims from Puri District :Orissa: - A.V.bhat, study of Tree Flora of Bhopal with special reference to their Medicinal Values- S.a. Chaghtai,A Study on unani Medicine Plants –III [Zarnab] by T.N. Srivastava, etc. pp 152,vii,plates,illus. Rs-400/-

Volume-3: Nos: 2-to 4: June, Sept & dec: 1982: with 20 articles: Ethno-botanical studies in the silent valley and the adjoining areas – a.V.Bhatta, ethno Medical Methods of Korku Tribes of West Melghat – B.N. Sharma, some Tribal Folk Medicines of Point Calimere [Kodikkarai] in Tamil Nadu- V. Subramannian, Some Medicinal ferns from South Andaman Island – Nand Lal, trial Cultivation of Trivrit [Nisoth] ipomoea turpethum R. Br. In soil of Bundelkhand-Jhani ,U.P. –N.N.Pathak, Comparative Pharmacognostical Studies on Polygonatum verticillatum Allioni and Polygonatum cirrifolium Royle- A.k. Wahi, Chemical Constituents from Agyneia- bacciformis – A.Juss, a review of Vegetable Cardio –vascular Tonic Drugs as practiced since ancient Time in India- V.p.Trivedi, Chemical Components of the Flower of Inula cappa DC. Etc. pp 153 to 294,xii,with maps,illustrations. Rs- 600/-

Volume-4:Nos; 1-2: March- June: 1983: with 13 articles : Medicinal Plants of Tezpur[assam] – H.S.puri, Low Altitude Medicinal Plants of South Garhwal Himalaya- G.S. Rajwar, Studies on Authentic Silajit Samples – S.Usman Ali, Chemical Examination of Jatropha gladulifera Roxb- A.sarada, chromatographic studies on essential oli of cyathocline lyrata cass. By B.D.Patel, botanical indetiti of balanga- m.s.y.khan, chemical investigation of the petals of nelumbo mucifera gaertn.[lotus] – n. ramiah, chemical study of strobilanthes callosus nees- saradha vasanth.etc.etc.pp 95,with illustrations,plates.Rs- 400/-

Volume-4: Nos; 3-4: Sept-Dec: 1983: with 14 articles: Some Folklore Medicines from District Subansiri of Arunachal Pradesh – V.K.singh, A survey of High Altitude medicinal plants of Garhwal Himalaya- R. D. Gaur, Pharmacognostic Studies on the Leaves of Caesalpinia crista Linn. –B. Kannabiran, Chemical Examination of Dendrophthoe elastica Danser – A sarada, Chemical Constituents of Scoparia dulcis Linn. –R.B. Rao, Role of weeds in ayurvedic Medicine – Govindiah, Standardisation of Dhanvantara Ghrta – M.Alam, Minnikizhangu-an Unique Folk Medicinal Plant from the Adivasis [tribal] of Poin Calimere., Tamilnadu – V. Chelladurai, etc. pp 96 to 170. maps,illustrations.Rs-400/-

Volume-5: Nos: 1-2: March-June: 1984: with 9 Articles: Some Medicinal Plants from district Siang and Subansiri of arunachal Pradesh – K.C.Tiwari, Ethno- Medico – Botanical Exploration of Gurez Valley Kashmir – D.C.Shah, Physico- Chemical Study of Seeds of Cassia Fistula Linn [Amaltas] –H.C.Mehta, Preliminary Phyto-Chemical Screening of Medicinal Plants of Hilly districts [kumaon & Garhwal Divisions. –P.Joshi, Phytochemical Study of White agaru- R. Vimala, isolation of an anti microbial substance from the stemgall callus of embtica officinalis gaertn- s.c.jain,etc. pp 102, illustrations, tables.Rs-400/-

Volume-5:Nos: 3-4: Sept-Dec; 1984: with 9 articles: plants used in Ethno-Medicine by the kols of Allahabad District.U.P.- j.P.singh, Medicinal Plantlore of Udaipur District,rajasthan- M.M. Bhandari, A comparative Pharmacognostic Study of the Four Soecies of Genus Desmodium- Deepak Prakash, Pharmacognostical Studies on Euphorbia thymifolia Linn- P.Sinha, Chemical Examination of the Glyceride Contents of the Roots of Barleria Prionitis Linn- V.K.Saxsena, chemical analysis of induced mutants

of fenugreek oil and diosgenin content- b.s.dixit, etc. pp 103 to 192.illustrations,maps, Rs-400/-

Volume-6: No;- 1: March : 1985:with 11 articles: Anti Fertility of an Idigenous Medicine –Ayush AC-I – d.Ghosh, Studies on Ficus racemosa linn .part-1.anti –ulcer activity – S.a. Vasavada, some Medicinal Plants in the Folk-lore of Varanasi ,U.P.-K.K.Singh, Bio-Chemical and Behavioural Changes in Albino rats after treatment with Thevetia neriifolia Juss.[Yellow oleander] –P.Goswami, Folk-Medicinal uses of Ficus bengalensis Linn, & Punica granatum Linn. In northern Uttar Pradesh- A Atraue, Plants Popular in Kumaon Folk Songs – M.C.Joshi, Medicinal –Lores of Orissa –I Skin Diseases – P.C.sharma, Cholesterol derivative & 6 –oxygenated flavones from clerodendron splendens – J.P.Kotiyal. etc. pp 108,illus,tables.Rs-400/-

Volume-6: Nos; 2-4: June,Sept, Dec: 1985: Chief editor: dr. V.N.Pandey. with 11 articles: Pharmacological Study of Some of the Cardiovascular effect of Kutaki,Rohitaka, Kakamaci & Kasani used in the Management of Liver Disorders – A Preliminary Report – Dr.V.N.Pandey, Studies on the Pharmacological Action of Aconite in the form Used in Indian Medicine – I.B.Singh, Drug Potential of Echitamine Chloride in Cancer Chemotherapy – T. Susan, Studies on the Standardisation of Drakshadi Vati . K.k.S. Dasan, Anti –inflammatory ,analgesic and Antipyretic Activities of 777 oil – A Siddha Medicine.- d.ghosh, Hormonal Response of Thyroid Gland to Commiphora mukul and Lats in Tissue Culture – A.K.singh, Physico –Chemical and Chromatographic Study of Yavanyarka- A.J. Baxi,etc. etc. pp 109 to208. with illustrations, tavbles. Rs-400/-

Volume-7: Nos: 1-2: March- june,1986: with 10 articles: Pharmaceutically Important Medicinal Plants of Gujarat Forests –M.C.Joshi,Medicinal Folklore of orissa-II Gastrointestinal Disorders- P.C.sharma, Indentification of Danti –Beej- D.N.tiwarly, Effect of of few plant Isolates and Extracts on Bacteria- R.H.gopal, comparative pharmacognostic study on Shankhapushpi-canscora decussate Schult,Convolvulus pluricaulis chois & evolvulus alsinoides Linn. – A.Kumar, crsstalline glycoside * Naringin* from the plant Lepidagathis hyaline Nees- R.N.yadav,etc. pp 98,plates,tables.Rs-400/-

Volume-7: Nos; 3-4: sept- Dec: 1986: with 7 articles:- folk-medical claims from Tamil Nadu North arcot district – T. anandan, Some Medicinal Plants & Folk Tribal Medicine Claims from Garo Hills of Meghalaya- R.Majumdar, Microscopical Study of Koohaineer from Madras Drug Market – P. Brindha, Pharmacognostical Studies on Tephrosia Villosa Pers.[Shvet Sharpunkha] – R.C.gupta, some Medicinal Ferns from Mirzapur [Hathinala] Forest – s.K.roy, Short note on Chemical Examination of Convolvulus pleuricaulis choisy [Sanskrit sankhapushpi] S.P.Shukla, etc. pp 99 to 194,with illustrations,tables.Rs-400/-

Volume-8: Nos; 1-2: March- June; 1987: with 15 articles: Medico-Botanical Surveys in India- S.K.jain, Role of Pharmacopeial Standards in Ayurveda- a.N. Namjoshi, Cultivation & utilization of Medicinal Plants in ayurveda & siddha- V.r. Mehta, Herbs and Humanity – V.N. Vashist, Prospects of Introduction of Plants of Ayurvedic & siddha Medicine in Agriculture- R.gupta,Perspective in pharmaceutical Aspects of Indian Medicinal Plants – a.J.Baxi, Evaluation of Medico- Ethno- Botanical Studies on Indian

Medicinal Plants – Umesh Chandra, Sacred Groves of Tribal Areas Along the Western Ghats : treasure Trove of Medicinal Plants- V.d. Vatak, Scietific Approach & Methodology for Domestication & Commercial Cultivation of Medinal Plants- S.Rajsekharan, Indian medicinal plants an overview – sunita joshi, etc. pp 128,tables.Rs-400/-

Volume-8: Nos; 3-4: Sept-Dec: 1987:with 11 articles: Contribution to the Botanical Identity of Kurasani Oman in South Crude Drug Trade – S.U. Ali, Ethnobotany of Santhal Pargana Dist; Dumka[Bihar] – B.N.Pandey, An ethno- Botanical Study of J & K State of North-West Himalaya – B.N. Sand, Theatended 7 rare Medicinal Plants of Sikkim – B.N.sharma, role of Medicinal plants in social Forestry and Afforestation in Rajasthan- K.V. billore, conservation and cultivation of medicinal plants in Gujarat – m.c. joshi, export potential of certain selected indigenous medicinal plants,with special reference to ayurveda and siddha systems of medicine – O.P.Gupta. etc. pp 129 to 204,tables.Rs-400/-

Volume-9: Nos; 1-2: March-June; 1988:with 9 Articles: Medicinal Plants in India: approaches to Exploitation and Conservation – S.K.Alok, ethno- Medicine of Bhotia Tribes of Kumaun Himalaya ,U.P.- B.s. Kalakoti,Euphorbiaceae in Folk Life of the Nicobarese Tribals – h.s. Dagar, Certain oral Contraceptive Folk Claims from Orissa- k.s.Murty, Rare & Endangered Plants of Gujarat State Forests – m.c.Joshi, contribution to the Botanical identity of ayurvedic Drug Tinduka with special reference to Visatinduka- G.Pandey, Phytochemical Screening of Some Indian Plants – A.K. singh, Pharmacognostic Studies on Anagallis arvensis Linn. –A. Latiff. Etc. pp 88,plates,tables.Rs-400/-

Volume-9 Nos: 3-4: Sept-Dec; 1988: with 11 articles: Some Interesting Medicinal Folk-Lores from Bihar :P.C.sharma, Utility of Hitherto Unknown Herbal Drugs Traditionally used in Ladakh & Possible Alternative Medicine- R.K.Issar, Ethno- Botany of Trans – Giri Area of Sirmour Dist; of Himachal Pradesh – N.S. Chauhan, Ethno – Botanical Studies of the Tribal Belt of Koraput- [Orissa] –P.K.das, Taxonomy of the Controversial Ayurvedic Drug ! Pittapapada! – V.D. Vartak, Hitherto Unreported Leaf –spot disease of an Ayurvedic Medicinal Plant ! KASMARD! – Cassia Tora, Caused by Phoma Sorghina – M.K.rai, Pharmacognostic Studies on ! Bhardwaji! Hibiscus vitifolius Linn. – S.nagarjan, chemical examination of !BAKUL! – MIMUSOPS ELENGI LINN.by a. saraswathy,etc., pp 89 to 170. plates.Rs-400/-

Volume-10: Nos; 1-2: March-June:1989: with 7 Articles: Ethno-botanical observations among the Onge Tribe of Litle Andaman- J.C. Dagar,Additions to the Flora of Rajgir [Bihar] –P.c.sharma, Pharmacognostic studies on Nilotpala [Nymphaea stellata Wild.] Floral parts- R.C.Gupta, phytochemical study of south Gujarat forests plants with special reference of Medicinal and Enthobotanical interest –M.C.Joshi, Chemical Investigation of the Flowers of Vitex Pubescens Vahl – N. Ramaih, Vegetable Propagation of Avartani [Helicteres isora linn] >M.B. Yelne,etc. pp92,illus.tables.Rs-400/-

Volume-10:Nos: 3-4: Sept-Dec: 1989:with 11 articles: ethno veterinary Medicinal Drugs of Central Development region of Nepal- N.P.Manandhar, Study on Barbiturate Hypnosis Potentiation effect of different fraction of Indigenous Plant Drug Mandukaparni [*Hydrocotyle asiatica* Linn.] – S.P.Shukla, Medicinal plants wealth of Rajgir Bihar – K.Chandra, Some of the Insect and Fungal pests of Stored Crude Drugs in U.P. Hills – K.C.triwari, preliminary phytochemical screening of medicinal plants of hilly district [Kumaon and Garhwal Divisions] of U.P. [Pt.2] R. G.agrawal, chemical investigation of *Terminalia chebula* Retz.- p.c.joshi,botanical identity of the drug *Gilodhya*, some unknown narcotic folk claims from Orissa- k.s.mirthy,etc. pp 93 to200,illus.tables.Rs-400/-

Volume-11: Nos; 1-4: March to Dec: 1990: with 8 articles: study of medicinal and Economic Plants of Amravati Division, Amravati Circle,Maharashtra-P.D. Bandhe, Some unexploited Medicinal plants in India – c.s.sastri,Standardisation of *Dasmula taila* used in Pachakarma- R.B. Saxena, preliminary synecological approach for the study of Herbal Wealth of High Altitude Himalaya & their Conservation Strategy: G.C.joshi, Chemical Examination of *Pisonia grandis* [Lechai Kottai Keerai] –R.K. Natarajan, Some Anti –Venom Medicinal Loos from Tribal Areas of Banswara- Ratan Mishra, etc. pp 116,plates,tables,illustrations.Rs- 600/-

Volume-12: Nos: 1-2: March-June 1991: with 10 articles:Resource Survey of Plants of Potential Economic Value of Sikkim Himalayas- B.K.Kapahi, Some Threatened Medicinal Plants from the North-eastern region of India- r.Majumdar, Cultivation of Medicinal Plants along Sea-coasts in Maharashtra- V.D.Vartak, An Experiment in Acclimatization of Medicinal Plants- V.N.Pande, Tree plantations of Medicinal Importance through Social Forestry Schemes in Andhra Pradesh- K.Hemadri, Commercially neglected Genus *Daphne* of Himalaya – K.C.tiwari, note on the confused identity and nomenclature of *Commiphora* species- K,V.Billore, etc. pp90,vii,plates,illus.tables.Rs-400/-

Volume-12: Nos; 3-4: sept- Dec: 1991: with 11 articles: folk remedies of Rajasthan Practised Today – k.V. Billore,Botanical Source of *Gajapippali* in Kerala- A.V. Bhat, Samanga, A less known controversial medicinal plant – M.C.Joshi, Analytical study of *Ajmoda Arka* – K.K.dave,preliminary phytochemical investigations of the leaves of *Vikantaka* [*Gymnosporia Montana*] and *Prasarani* [*Paederia foetida*] –K.K.dave. An investigation of Edible plants for soluble oxalates & calcium oxalate Crystals- A.s.Murthy, Chemical examination of *Shatavari* [*Asparagus racemosus*] – P.C.jain, isolation of *Chrysophanol* from *Bhutalpota* [*Cassia obovata* [L.] Collad] A. Saraswathy. Pp 91- to162,vii,plates,illus.tables.Rs-400/-

Volume-13; nos; 1-2 march-june; 1992; with 10 articles. Important Tribal Folk Medicines of East & west Melghat – P.D. Bande, Pharmaco- Botanical studies on the South Indian Market Sample of *Gajapippali*[*Balanophora fungosa* Forst, f. ssp. *Indica* {arn.} Hansen] – R. Sudha, Pharmacognostic study of *Kapikacchu* [*Mucuna pruriens* [L] DC.] Root and seed. – P.C. sharma, Important Medicinal weed plants of Gujarat – a source of Raw material for pharmaceutical industries – B.D.chaudhuri, important medicinal plants of Mount Abu and need for their conservation – Ratan Mishra, *Agamiya vanaspatiyo ki*

pahachan- - Muni Sri Chandra Kamal, Exploratory Studies on Propagation Material of Trivrita [*operculina turpethum* [Linn.] Silva Manso – M.B. Yelne. Etc. pp 114.with illus,plates,tables. Rs-400/-

Volume-`13: Nos: 3-4: Sept-Dec: 1992: with 8 articles: Some Folk Medicines of the Tribals of Gujarat – M.C.Joshi, Ethnobotanical Importance of family cucurbitaceae among the Sahariyas of Madhya Pradesh- R.M. Painuli, Medicinal Plants for Afforestation in Gujarat state –M.C.Joshi, identification of the leaf and pericarp of the Fruit of *Punica granatum* Linn.used in the Indian System of Medicine – dipali dey, Medicinal Plants of Himachal Used in Indian Pharmaceutical Industry – P.B.singh, Shinshapa with a brief observation on yellow Rust Attack at Ranikhet – V.N.pandey, etc. pp 115 to 224.with plates,illus.tables.Rs-400/-

Volume-14: Nos; 1-2”; March- June; 1993: with 10 articles: ethno – medicinal plants of Mandi – District ,Himachal Pradesh- R.d.Gaur, ethnobiological Investigation of Lakshadweep Island – A.V. Bhat, Indentity of Commercial Parasika Yavani in Gujarat – B.G. Chaudhuri, studies on the Ayurvedic Drug Shankhapushpi from Western Maharashtra: Medico-Botanical Aspect – A.S. Upadhye, Cultivation of Shatavari [*asparagus racemosus* willd.] –P.C.Sharma, Medico- Botanical Survey Studies in Karnataka – S.N. Yoganarasimhan, etc. pp 88,plates,illus.tables.Rs-400/-

Volume-14: Nos; 3-4: Sept- dec: 1993: with 11 articles: Novel Medicinal uses of a few plants used by Korku Tribe of Melghat in amaravati Dist. Maharashtra State – V.K.Pande, The Folklore Medicines used by Gujjar & Backward Communities of Jammu Region- Anil Kumar, Evaluation of Therapeutic Status of Madhya Pradesh Flora – o.p.Mishra, The evaluation of Medicinal Plants in South western, West Bengal – S.R.Das, Medicinal Plants of ayurvedic importance from Mandi District of Himachal Pradesh – P.B.singh, survey of Medicinal plants in assam- S.Nand, Social Forestry – afforestation vis- a –vis Medicinal Plants with special Reference to Bihar, on the introduction of valuable medicinal plants from North- Eastern to western Himalayan Region of India – k.c.tiwari,etc. pp 89 to 190. tables,illus,plates.Rs-400/-

Volume-15: nos: 1-4: Jan to Dec: 1994: with 12 articles: preliminary Recording of Medicinal Plants of Birbhum District – west Bengal- S.R.Das, Some Important Ayurvedic Medicinal Plants of Bundelkhand [Jhani Division] – R. S.Dixit, Some Medicinal Pteridophytes from the District Lower Subansiri & papumpare [Arunachal Pradesh] – V.K.singh, The Forest Type of Udhampur Forest Division[Jammu & Kashmir] – D.P.Badola, Chemical Examination of *Anatamul*,*Hemidesmus Indicus* R.Br.- Surya Mandal, Some Research Possibilities in Indian Medicinal & Aromatic Plants for Health & Cure – I- I.V. Asolkar, Bryophytes the source of the origin of Shilajatu : A new Hypothesis – G. C.Joshi, etc. pp 116,viii,plates,illus.Rs-600/-

Volume- 16: Nos: 1-2: Jan- June; 1995: with 10 articles:ethno-botanical studies on medicinal Flora in Tharu Tribal Pockets in Kumaon Region in U.P.- S.C.pant,An Ethnobotanical Study on Some Medicinal Plants of District Palamau [Bihar] – K.Chandra, Ethno-Medico Botany from Tribes of Madhya Pradesh –O.p.Mishra,some

important ayurvedic Medical Plants of Arunachal Pradesh – rama Shankar, Pharmacognostic investigations on stem, Stem Bark and Fruits of Tinduka [*diospyros Peregrina* [Gaertn]. Gurke] – P.c.sharma, pharmacognostical studies of root and fruit of Gokshura [*pedalium murex* Linn.] – M.N.das, some Beneficial weeds of cultivation from Nadia District ,west Bengal. – S.R.Das, etc. pp 82plates,illus,tables.Rs-400/-

Volume-16: Nos; 3-4: July-Dec: 1995: with 12 articles: Ethno-Medico- Botanical aspects of Some plants of Arunachal Pradesh – M.s. Rawat, important Ayurvedic Medicinal Plants of Bhundelkhand used Traditionally – S.N.Pandey, Medicinal Pteridophyytes of Kumaon & Garhwal [U.p.Hills] – G.Pandey, Alpine environs around Kumaon & Garhwal in Central Himalaya,India With Special Reference to Herbal Resources – V.P.Tiwari, Porospects of Medicinal Plant Cultivation in Arunachal Pradesh- V.K.Singh, Some Important Medicinal Plants of Jageshwar Forest & Conservation Cultivation Aspects of Himalayan yew Tree-*Taxus baccata* linn [Talis] – K.C.triwari, Biodiversity in Medicinal Plants Based on ayurveda – a.r. Nair, drug Analysis and its role in Herbal Medicine – T.j. Dennis, with other articles.pp 83 to 165. plates. Rs-400/-

Volume-17: Nos; 1-2: Jan- June: 1996: with 10 articles: Medicinal Plants and Some Folklore from East & west Suang Districts[arunachal Pradesh] Their Utilization – M.S. Rawat, some Folk lore Medicinal claims on Plants of Car Nicobar Island – H.S. Dagar, Observations on Medico –ethno –Botany of Idu-Muslims in Dibang Valley District of Arunachal Pradesh – M.S.Rawat, Cultivation of Some Pharmaceutically Important Medicinal Plants in Itanagar [Arunachal Pradesh] – M.S. Rawat, Preliminary comparative studies of *Hibiscus Rosa-sinensis* L. & *Malvaviscus* spp. Used as Japa.- R.K.issar,etc. pp96.plates,maps,tables.Rs-400/-

Volume-17: Nos: 3-4: July-Dec: 1996:Ethno –Medico Botany on Contraceptive & Conceptive Drugs in Central Indian Tribes – O.P.Mishra, Some significant Medicinal uses of palash and Lata Palash – P.D. bade, additions to the Flora of Gujarat State With Special Reference to Plants of Medicinal Interest- M.C.Joshi,Botanical Identity of Some Substitutes of Ayurvedic Drugs – M.C.Joshi, Botanical Identification of Some Ayurvedic Herbal Medicines – K.C.tiwari, Cultivation of Medicinal Plants in Social Forestry Programme in Arunachal Pradesh – m.s. Rawat, Studies on Chemistry of Svarnamakshika [Iron Pyrite] Bhasma – Rajesh Dixit, etc. pp 97 to 185.plates,.,illus.tables.Rs-400/-

Volume-18: Nos:1-2: Jan- June: 1997: with 12 articles: Notes on the ethnobotany of the Monpa Tribe of Tawang district [arunachal Pradesh] –V.K.Singh,Rare Folk –Medicine Practiced by Gond Tribes of Wadsa Forest Division Gadchiroli Dist:[Maharashtra State]- V.K.Pande, Ethno-Medico-Botanical studies on the Fungi of Kumaun Himalaya- G.C.Joshi, Medicinal Plants from Chandel ,Churachanpur, Ukhrul Forest Areas of Manipur State-Part-1: -R.Majumdar, Medico-Botany of Genus *Mucuna* from Western Maharashtra – D.K.Kulkarni, Drug Value of *Swertia Chirata* & its Phytoconstituents – P.C.Das,etc. pp 98. with plates,illus.tables.Rs-400/-

Volume-18: Nos:3-4: July-Dec: 1997: with 9 Articles: Prospects of Ethno-Botanical Lore in Birth Control – T.G. Joseph, Tribal folk Medicine of the Hilly regions of Jammu & Kashmir- Naresh Kumar, Some of the Useful Herbs for Snake –Bite Practiced by Gounda Tribes of Tamilnadu – G. Masilamani, Marishas Dwip Me upalabdha ayurvedic Jari –Butiya Se upachar , Standardisation of ayurvedic Drugs – k.V.Nair, Chemistry of Rasamanikya- A Preliminary Study – N.N.Pandey, some Plants used as Anti –Fertility Agents by ! Khonds ! of Orissa- K.s.Murthy, etc. pp 99 to 169.with plates,illus,tables.Rs-400/-

Volume-19: Nos:1-2: Jan- June; 1998: with 10 articles: Dwindling state of Medicinal Plants in Rajasthan & Their contribution- K.V. Billore, Some Medicinal Plants from district Tirap [Arunachal Pradesh] with a note on the Ethnobotany of Notche Tribe- V.K.singh, Wild edible Plants of Arunachal Pradesh – V.K.singh, comparative analytical on Brhat Masa Taila, effect of shodhan on narcotic content of Vijaya [Cannabis sativa L.] – C.L.jain. etc. pp90,plates,illus.tables.Rs-400/-

Volume- 19: Nos;3-4: July-dec; 1998: with 9 articles Some traditional Medicinal Plants of Khardungla & Changla [Ladakh] used in Amchi Medicine – D.V.singh, present status & future prospects of Some Medicinal Plants in social Forestry –afforestation Programmes- P.C.sharma , Some Folklore Medicinal claims on Rare Plants of Sirumalai Hill Dindigul Dist: Tamilnadu, India- , Conservation & Cultivation of Some Rare & Threatened Medicinal Plants in Arunachal Pradesh – M.s.rawat, Some Experiences on extraction of Musk from Live Musk Deer – D.Ghosh Standardisation Studies of Civanar Vembuk Kulit Tailam, Chemical Investigation of Sida acuta burm.f. – A.B. Kundu, etc. pp 91 to 180.plates,illus,tables.Rs-400./-

Volume-20: Nos; 1-4: Jan- dec; 1999: with 13 articles: Ethnomedicine in India & An Approach Towards Medicinal Ecology – J.D.sharma, Important Herbal Wealth of Lalitpur Forest Division of Bundelkhand circle, U.P. part-1:- o.P.Mishra, Anti –Fertility Plants Used by Kondh Tribals of Nayagarh District, Orissa- K,S.Murthy, Magico Religious beliefs about Plants in Meena tribe of Sawai Madhopur, Rajasthan- C.p.
