These techniques have their own scientific background. The Classics of Rasashastra describe two types of Haralata viz. Patra and Pinda The Patra Haralata being the Superior one in Both Physico-chemical as well as therapeutic aspects, the same has been utilized for preparation of Rasa –Manikya. Contributors; Dr. G.S. Lavekar, Shri Arjun Singh [Chemical Analysis] Dr. M.M. Sharma [Technical & Editorial Support] and others. Delhi, 2009. Royal size. pp 212, xvi, with Safety/Toxicity Studies in Mice at Nin, Hyderabad, Safty /Toxicity Studies in Mice at Uict, Mumbai, appendices, references. Tables, charts, graphs, illustrations, photographs, etc. Printed in art Papers. Rs-900/-
13. Laboratory Guide for the analysis of Ayurveda and Siddha Formulations: Chief editor & Contributor: prof; G.S. Lavekar, editors 7 Contributors: Dr. M.M. Padhi, Dr. Pramila Pant, Co-Editors: dr. M.M. Sharma, dr. Subash Chandra Verma. The

- Book is Divided in Two Parts: part-1: refer to Standard Parameters of Analysis for various formulations Ayurveda and Siddha. Part-2: refers to various testing procedures and protocols required for analysis for achieving appropriate results. These procedures are the compilation of methods recorded in major Pharmacopoeias. For the analytical convenience tables consisting of Atomic masses of different elements, molecular /equivalent weight of different reagents used in analysis, preparation of common laboratory reagent, common spraying reagent used in TLC, indicators has also been added at the end of the book. Delhi, 2010. Foolscape Size. Size. 12/11 inches. pp 154, xviii with illustrations, each pages, photographs, Rs-1500/-
14. A Practical Handbook of Panchakarma Procedures: Chief Editor: Prof; G.S. Lavekar, Contributors: Dr.T.V. Memon, Dr. [Mrs.] Bharti. Various Panchakarma Procedures followed in Different Parts of the Country. It Also Includes some of the Common Therapeutic Procedures Popular in Kerala. Panchakarma Therapy is an integral Part of Ayurvedic Treatment; Like Steam Bath, Medicated Enema, Massage, Pizhichil, stiz Bath, Patra Pindra Sweda, Churna Sweda, Akshi Tarpana, Kati Vasti, Shirodhara, panchakarma therapy, with 28 chapters. Delhi, 2010. Isbn-81-907420-9-2. foolscape size. Size. 12/11 inches. pp 90, xii, with over 80 colour photographs. Rs-600/-
15. Safety/ Toxicity Study Report of Some Ayurvedic Drugs: Dr. G.s. Lavekar: [ Project Concept & Executor, Dr.B. Ravishankar – [study Investigator, Dr.S. Venugopal Rao [ Project Co- Ordinator. [ The preparation of herbomineral and herbometallic drugs are very tedious, lengthy, time consuming process involving many procedures like physical treatment, such as biting, cutting, triturating etc. with plant material or animal products and heating in different temperatures, these and many other procedures are involved in this preparation. The Concept of these different treatment is to make the metal minerals very close to body material for acclimatization. Most of these preparations are in Micro fined in nature and even some particles are nano in nature. it is considered that the rasayogas or kalpas are catalytic in nature, means possess yogavahi properties. Contents: safety studies : Mahalaxmi bilas Rasa with Gold, Safety Studies: Mahasudarshan Ghan Vati, Safety Studies: Maha yoga Raja Guggulu, Safety studies: Navaratna Rasa, Safety studies: Swarn Maha Yogaraj Guggulu, etc. Delhi, 2009. foolscape size. Size. 12/11 inches. pp 380, xvi, with 600 illustrations, photographs, graphs, tables, figures. Rs- 1800/-
16. The Siddha Pharmacopoeia of India: Part-1: Volume-1: is a legal document of standards for the quality of Siddha Drugs and Substances included therein [ under the Drugs and Cosmetic Act, 1940] The First Volume Contains 73 Monographs dealing with pharmacognostical, Chemical and Siddha Standards of the Plant Drugs used in siddha. Each MONOGRAPH describes Macroscopic, microscopic, characters along with permissible limit of foreign matter, chemical standards of identity, purity, and strength have been developed based on parameters like total ash, Acid insoluble ash, Alcohol soluble extractives, water

- soluble extractives etc. with the references of important constituents present in it. Cuvai, Gunam, Virium, Pirivu and Ceikai based on description of classical Siddha texts along with important formulations as referred in Siddha formulary of India with its therapeutics uses and dose..Approved by siddha Pharmacopoeia Committee after careful deliberations by its eminent scientist members. CONTENTS: of the Volume Consists legal notice, General Notice, preface, Introduction & detailed description of Monographs in Alphabetical order for SEVENTY THREE MEDICINE plants of Prime importance Unsed in Siddha. Delhi, first ed. 2008. isbn-978-81-906489-1-2. foolscap size. 12/11 inches. pp 360, xxxvii. index. Rs-1500/-
17. Thin Layer Chromatographic Atlas of Ayurvedic Pharmacopoeial Drugs: Part-1: Volume- 1: [ First Edition] It Contained Monographs of eighty Single Ayurvedic Drugs: . The Parameters of identity, quality, purity and Strength of each Drug Monograph included Botanical Identity with Binomial nomenclature, Macroscopic, Microscopic Examination for Confirmation of identity; ash values and extractive values for quality, purity and Strength. This Atlas Contains thin Layer Chromatographic {TLC} Finger print profile of each of the eighty Single Ayurvedic Drug included in the First Volume of Ayurvedic Pharmacopoeia of India [Part-1]. Of the many Chromatographic methods presently Available, TLC has become widely adopted for the rapid and positive analysis of plant Drugs.... This book is included in the first schedule Drugs and Cosmetic Act, 1940. Manufacturers are required to follow pharmacopeial standards and these are mandatory requirements under the Act Delhi, 2009. Isbn-978-81-905952 -3-0. Size. 12/11 inches. Printed in Art Paper. Pp 164, xxii, with colour plates over 500. Printed Foreign Price: \$-100.00 But Our Price Rs- 2000/-
18. Macroscopic & Microscopic Atlas of Pharmacopoeial Drugs [ Ayurvedic Pharmacopoeia of India: Part-1: Volume-5: This Atlas Contains Macroscopy and Microscopy of the each NINETY TWO SINGLE Ayurvedic Drugs included in the Fifth Volume of ayurvedic Pharmacopoeia of India [Part-1] The Camera lucida Drawings and Photomicrographs of each Drug initially carried out by different laboratories were rechecked and finally the entire atlas digitalized according to API format. The parameters of identity and Purity specified in each monograph included botanical identity with Binomial nomenclature macroscopic and Microscopic examination... This book is included in the first schedule Drugs and Cosmetic Act, 1940. Manufacturers are required to follow pharmacopeial standards and these are mandatory requirements under the Act Delhi 2009. Size. 12/11 inches. Printed in art Paper Nice Production. Pp 270, xvii, with over 600 colour figures, illustrations, many figures. Rs-2500/-
19. The Ayurvedic Pharmacopoeia of India: Part-1: Volume- 6: [First edition] This Sixth Volume of the Ayurvedic Pharmacopoeia of India Containing 101 Monographs of Single Drugs is a result of hard work of experts of

- Pharmacopoeia committee, scientists working in PLIM, CCRAS and other laboratories associated with the APC Scheme. I place on record my appreciation for the dedication and hard work put by the officers of the department of AYUSH, PLIM, CCRAS and experts associated with the APC in the publication of this volume... This book is included in the first schedule Drugs and Cosmetic Act, 1940. Manufacturers are required to follow pharmacopoeial standards and these are mandatory requirements under the Act Delhi, 2009. ISBN- 978-81-905952-1-6. Size. 12/11 inches. Big size. Pp426,xxxiii.index. Rs- 2000/-
20. The Ayurvedic Pharmacopoeia of India: part-1: Volume- 7: [ MINERALS & METALS] First edition. Compilations of Monographs on single Drugs Commonly used in the practice of Ayurveda. This Seventh volume of Ayurvedic Pharmacopoeia of India, Part-1 Consist of 21 Monographs on Metals and Minerals used in Ayurveda. Though Metals & Minerals are used in other systems of Medicine also, their use in Ayurvedic preparations is unique in view of the detailed shodhan [ detoxification] process contained in the Ayurvedic classical text. The Validation of all these processes requires the help of other related branches of Science such as Geology, Organic and Inorganic Chemistry, Analytical Chemistry, Phytochemistry etc. The genuine basic raw material is very much essential for quality medicines, comprehensive tests and parameters for authenticity of raw materials have been described in this volume for the first time... This book is included in the first schedule Drugs and Cosmetic Act, 1940. Manufacturers are required to follow pharmacopoeial standards and these are mandatory requirements under the Act Delhi, 2009. Isbn-978-81-905952-2-3. Size. 12/11. pp 158,xxxvii, with 21 plates in colour. Rs- 1500/-
21. The Ayurvedic Pharmacopoeia of India: Part1: Volume- 8: [First Edition] This Volume Comprises 60 Monographs on 15 Single Drugs Consisting of Raw material, their Powder and Hydro-alcoholic Water extracts. The description of raw drug and powder includes macro – and microscopic details of raw drugs and its powder. Identification contains thin layer chromatography; properties and action contain RASA, GUNA, Virya, vipaka and karma. Under monograph of extracts method of preparation are also given. The appendices of this volume contain the details of protocols used in the determination of various standards as well as methods of testing. This book is included in the first schedule Drugs and Cosmetic Act, 1940. Manufacturers are required to follow pharmacopoeial standards and these are mandatory requirements under the Act Delhi, 2011. Isbn- 978-81-906489-4-3. Size. 12/11 inches. Pp 246,xxvi, index, with many colour plates. illustrations, figures. Rs- 2200/-
22. The Ayurvedic Pharmacopoeia of India: part-2: Volume- 1: First Edition. FORMULATIONS: This Volume Comprises 50 Monographs on Compound Formulations. Each monograph contains the definition formulation composition, indicating the official Ayurvedic Name equivalent Botanical names, part used, and their proportion in the Formulation... in the appendix Ayurvedic definition and method of SODHANA etc. are also given.. This book is

- included in the first schedule Drugs and Cosmetic Act, 1940. Manufacturers are required to follow pharmacopeial standards and these are mandatory requirements under the Act. Delhi,2008. Isbn-81-901151-5-5. Size.12/11 inches.pp 280,42,index.Rs-1600/-
23. The Ayurvedic Pharmacopoeia of India: part-2: Volume- 2: First Edition. FORMULATIONS: this volume comprises 51 Monographs on Compound Formulations. Each monograph contains the definition, formulation composition, indicating the official Ayurvedic Name, part/form used and their proportion in the formulation. This volume contain the details of protocols used in the determination of various standards as well as methods of testing. References of the ayurvedic literature in original form are also added in order to authenticate the ayurvedic standards, referred in each monograph... This book is included in the first schedule Drugs and Cosmetic Act, 1940. Manufacturers are required to follow pharmacopeial standards and these are mandatory requirements under the Act Delhi,2009. Isbn-81-905952-09. Size. 12/11 inches.pp 322,xxxviii. Rs-1800/-
  24. The Ayurvedic Pharmacopoeia of India: part-2: Volume- 3: First Edition. 2010. FORMULATIONS: this volume comprises 51 Monographs on Compound Formulations. Each monograph contains the definition, formulation composition, indicating the official Ayurvedic Name, part/form used and their proportion in the formulation... This Volume is third publication in this Series, wherein the pharmacopeial standards of multiple ingredient formulations have been scientifically described.. This book is included in the first schedule Drugs and Cosmetic Act, 1940. Manufacturers are required to follow pharmacopeial standards and these are mandatory requirements under the Act.etc.Delhi, 2011.Size. 12/11 inches. Isbn-81-906489-3-6. pp 292,xxxvii.Rs-1800/-
  25. TRIBAL Health Care research [ Health Related Demography of the Tribal Kamrup District – asam : tribal Health Care research Programme – 2002-2008]Editor: dr. M. M.Padhi, Survey Team : Dr. D. Baruah, Dr. B.K.Bharali, with folklore claims, medicinal plants of folklore use, modern equivalents to ayurvedic disease terminology, survey proforma etc. Delhi,2008. Royal Size.pp 158,xi, with colour photographs, plates, figures, tables, etc. printed in art papers.Rs- 750/-
  26. Medicinal Plants in Geriatric Health Care An Evidence Based approach: Chief Editor & author: dr.G.S. Lavekar. Editor And Author. Dr. M.M. Padhi, Comprises of information on about thirty –five Ayurveda and Siddha Medicinal Plants used in Geriatric Care, Common formulations, and profile of Evidence based research on safety and clinical efficacy.
